Meeting was brought to order by Rudy, KE5MUE at 4:05pm at First Christian Church, 763 Passion Play Rd. Eureka Springs, AR.

Minutes from previous meeting were accepted as read by member with email.

Motion to accept – John Wall, 2<sup>nd</sup> Fred Willman, “I”s unanimous.

Treasure’s report: Beginning balance \$487.33 Ending balance \$700.55

Motion to accept by Walt and 2nd by John, “I”s unanimous.

Old business:

Fred glad to hear that we will be getting a controller so we can shut off the repeater if needed. Next parking lot drawing will be done in a couple of months. We are still working on getting an isolator & trickle charger for repeater. Drew has a newer rack to switch out with our old rusted rack. Jim said there is a HGML controller for \$150. When there is a test session it will be before the club meeting so we will change class times to 8:00am to 3:30pm. John and Drew visited Judy Holden and made a list of all of Lynn’s ham equipment. Some of the items are 10’ tower sections, Hazer electric elevator, Kenwood TS-590 HF transceiver and TS-440 also, 600 watt Ameritron tuner, and Judy wants John Wall to be the broker so contact him if interested. Will email club members with full list when I receive list from John. After club has had a chance the left overs will be offered to nearby clubs.

New business: None

March Club Meeting will be on the second Saturday, 11<sup>th</sup> at same location.

Terry will have a presentation for our March meeting.
